

Changing lives, one student at a time.

It's our mission. It's our passion. It's what we're all about. Foothill and De Anza colleges have served more than one million students, and every day we work to increase that number. Foothill-De Anza Foundation's primary focus is to enable the colleges to deliver on their core value of open access to education for all.

Thank you for helping us to change students' lives and inspire them to do the same for others.

Message from the Executive Director

In this Annual Report of philanthropy, we honor donors whose generosity this past fiscal year is allowing us to lay the foundation for our students to succeed. Now, more than ever, your philanthropic support is bringing to life our shared aspirations—whether through program and facility enhancements, educational experiences or public service achievements, your philanthropy is making way for us to further distinguish our colleges. I am grateful and proud to report that in 2016-17 we set a new record for the amount raised in private support, and we proudly accept your vote of confidence. As you will read, your support has made possible the conferring of more than \$500,000 in scholarship awards and book vouchers, in addition to strengthening programs and enhancing the student experience through capital projects.

Thank you for your partnership and the kindness you demonstrate in such tangible ways. Because of this, we are better able to achieve our mission of changing the lives of students. This is no small feat—we appreciate you serving as our partners in building a stronger future in our region, our state, our nation and abroad.

It would be an honor to meet with you and introduce you to some of our dynamic students and faculty. Beyond this report, please reach out to any of us at the Foundation if you'd like to receive additional information. Your endorsement of our students gives them additional strength to achieve their goals—and for this, we sincerely thank you!

A handwritten signature in blue ink that reads "Tess L. Chandler".

Tess L. Chandler

Executive Director, Foothill-De Anza Foundation

Financials

Each year, supporters contribute to the students and programs that make Foothill-De Anza distinctive. The Foothill-De Anza Foundation is committed to transparency and accountability, and we work to ensure the greatest educational impact of every donor investment. The Foundation invests its resources with Kaspick & Company, which has more than 25 years of experience managing endowments for nonprofit clients. Kaspick manages more than \$5.8 billion and is recognized nationally for the quality of its services.

Transforming Futures

With generous support from the community, the Foothill-De Anza Foundation helps our colleges create pathways for students to succeed. This support can be life changing for many students. A peanut butter sandwich, bottle of shampoo or blanket might seem inconsequential, but to a student who is struggling day to day to meet basic needs, these necessities offer care and encouragement. More substantial support such as book vouchers, scholarships and paid internships provide the extra financial relief that allows cash-strapped students to remain in college. Community support also underwrites unique extracurricular experiences that give students valuable global perspective and expand their view of how they fit into their communities and the world. Our students have opportunities to visit the state capital and our nation's capital, and recently became the first community college students to participate in an archeological dig in Kenya. Your support enables us to do this important work.

De Anza College EOPS Scholars Pilot Program

The EOPS Scholars pilot program is a new initiative that provides additional support to a targeted group of 20 students during their second year with Extended Opportunity Programs & Services (EOPS). EOPS annually assists nearly 900 academically disadvantaged and low-income students with academic and financial support. Building upon the EOPS support system, De Anza's EOPS Scholars program provides students with extra counseling, full textbook assistance and food vouchers as well as instructional materials such as calculators and laptop computers. The objective is to close the student achievement gap within the EOPS program while identifying which additional areas of support increase student success.

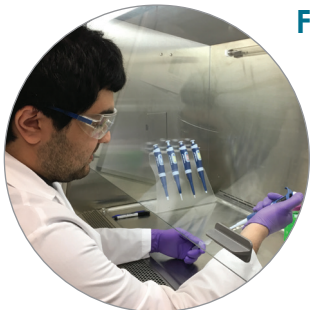

Scholarships

About one in five students require financial aid to attend college and even more can barely afford to live in this area. Scholarships provide much needed support and perhaps more importantly, the motivation and self-confidence it takes for students to persevere in higher education. The Foundation awarded more than \$475,000 in scholarships last year to hundreds of students at Foothill and De Anza colleges.

2017 scholarships:

financial aid

Foothill College Science Learning Institute Internships

Since 2011, the Science Learning Institute (SLI) has been creating a new generation of scientists, engineers, teachers and technicians. A major challenge for many students, especially those who are financially disadvantaged, is the need to work many hours to support themselves and/or their families while attending college. The demanding academic load of a STEM major only adds to their challenge. Through a generous bequest, for the past two years a STEM Intern Scholarship has provided 31 students each with \$2,000 awards, paving the way for them to take part in a six-week summer internship program with professional mentoring and hands-on experience at Bay Area research institutions and technology companies.

Transforming Futures

De Anza College Design & Manufacturing Technologies

De Anza's Design and Manufacturing Technologies Department (DMT) offers some of the nation's leading technical training programs and serves more than 1,500 students annually. Because of its program quality, De Anza was chosen as a Haas Technical Education Center (HTEC) to offer skilled training to prepare students for some of the 3.5 million-plus manufacturing jobs anticipated over the next decade. Recently the Gene Haas Foundation awarded \$1 million to expand DMT's classroom and labs. The renovation will be completed by the end of 2017, in time for winter quarter. Additionally, the Haas Foundation is committed to providing scholarships to the region's students and teachers for training at De Anza.

Gene Haas Foundation Design & Manufacturing Technology Scholarship 2017 Recipients

Basic Needs

Food insecurity and homelessness are widespread among college students, including many at Foothill College. Students who don't have a permanent home may be "couch-surfing" or even living in their cars. With hopes of a brighter future, they remain determined and continue with their education. Yet when faced with homelessness and hunger, the success of even the most steadfast student is put at risk.

helping students stay
ON TRACK

Thanks to our partners, Second Harvest Food Bank and the Community Services Agency of Mountain View, Los Altos & Los Altos Hills, Foothill College is fortunate to have been able to open and maintain a Food Pantry. In addition, a generous anonymous donor has ensured that this highly vulnerable student population will receive additional help with basic necessities. Foothill counselors can draw on this gift to provide students with gift cards, blankets and toiletry items such as toothbrushes, toothpaste, shampoo and soap. This kind of support alleviates stress and helps students stay on track.

We Give Because...

“ We give because **Foothill and De Anza do a superb job** and we are very fortunate to have their programs and services available in our community. The colleges succeed in serving an important need. We are happy to lend our support as they are essential to ensuring the vitality of life in the area.”

~Hal & Iris Korol

“ We both went to community college before we received our degrees—it is a great place to figure out your major. We give because **there is no greater gift than to help others.**”

~Joe & Lynn Pinto

“ We give because Foothill College provides an outstanding education in STEM fields, including subjects such as bioengineering and 3D printing. **Foothill is a gem in our community** and worthy of generous support.”

~Joe & Honmai Goodman

“ We give because as a family we value education, and **we believe education is the great equalizer.** Foothill and De Anza colleges successfully provide excellent education to students from diverse socioeconomic backgrounds.”

~Archana Sathaye, *Sathaye Family Foundation*
President, *Foothill-De Anza Foundation Board of Directors*

Thank You!

A few of our 2017 scholarship recipients express their gratitude:

for reducing
my financial
burden

for helping
me achieve
my dreams

for your
commitment to
my education

for believing
in me

for helping
me to continue
moving forward

“I want to thank you for supporting me. I can't find the words to explain my gratitude. Without this scholarship, it would have been a lot harder for me, or even impossible, to continue toward my goal of becoming an engineer. I see it as a sign that someone believes in me, and it helps me to continue moving forward.”

~Leeor

“Attending Foothill and De Anza changed my life drastically. I've met unforgettable peers and incredible professors. I discovered a profound love of the sciences, and learned a lot about myself with the help of those important people. I am excited to be working toward a bachelor's degree in molecular environmental biology. Transferring to a university often feels surreal because I am a first-generation college student. With the help of this scholarship, my financial burden will be reduced, allowing me to have more time to pursue opportunities in internships and research.”

~Christine

“Thank you for not only helping me financially, but thank you for believing in me, my education, my dream.”

~Missy

“There is no greater gift than helping fund a student's education and helping a student achieve his dreams. Thank you for your commitment to my education, and I assure you that this scholarship will be earned with dedication, hard work and commitment to success.”

~Yosef

Our Generous Donors Make a Difference in Student Lives Every Day

The Circle of Influence celebrates donors who have given \$10,000 or more annually to Foothill and De Anza colleges. Indicated in teal on this page, their philanthropy makes a world of difference for so many students.

Members of the Chancellor's Circle have generously given an unrestricted gift of \$1,000 or more annually. Since the Chancellor's Circle was started in 2001, the Foothill-De Anza Foundation has raised more than \$2 million dollars that has been immediately put to work for students. This annual dependable support provides the tipping point for student success by allowing the college presidents to direct the funds where they are most needed. Unrestricted gifts go toward essential priorities such as scholarships, food pantries, student tutoring, book vouchers, leadership training, college promise programs and work-study jobs.

Support of the Chancellor's Circle means more to students than just financial sustenance. For students struggling to cover the basics of food and shelter while attending college, your commitment sends a message that people they've never met care enough about them to invest in their future. We know that this kind of community connection, coupled with support and encouragement from our remarkable faculty and staff, strengthens students' confidence and resolve as they face life's challenges.

* Asterisk Denotes Chancellor's Circle Members

The Legacy Circle pays tribute to donors who have informed the Foundation that they have included Foothill-De Anza in their estate plans. Over the years, the Foundation has received more than **\$12 million** dollars from generous Legacy Circle donors who have provided for us in their estates. In turn, these funds have supported hundreds of scholarship awards for students and helped in areas such as our theatre, fine arts, counseling, science and technology programs. These generous and visionary commitments play a critical role in ensuring the continued success of our future generation's education.

The mission of the Foothill-De Anza Foundation is to change student lives by raising and investing funds to support the educational excellence of Foothill and De Anza colleges. Together, this important work is achieved by our Board of Directors and the Foothill and De Anza College Commissions, who are dedicated to promoting our colleges within the community and engaging in projects, activities and fundraising in direct support of student success.
